MAEA Conference
December 3rd, 2021

Join us for Maine Adult Education Association's Virtual Conference on December 3, 2021 from 8:30 - 4:00. This year will showcase a new format that is centered on critical thinking for educators and other professionals around some big themes like seeing ourselves in the history of Maine and using that knowledge to become better at our jobs, knowing why and how education can save lives, educating and understanding marginalized populations in need and sharing information to promote democracy. Many vendors will present at lunch and all sessions will be recorded and available for one year to those who register. Cost is $50 per person or $40 for MAEA members. For registration, please go to maineadulted.org/registration-2021

MAEA Advocacy Update

MAEA's Advocacy Committee is working hard for programs. To date, they have met with the Department of Education to re-capture Maine College and Career Access (MCCA funds) and they hope to meet with Career and Technical Education (CTE) leaders to strengthen the partnership between CTE and Adult Education. Work with Community Colleges is ongoing and an update will be sent to all directors soon.

November is Gratitude Month

What are you grateful for?

Try the 30-day Gratitude Challenge?

Every day find something that you are grateful for!

November is... National Gratitude Month National Alzheimer's Awareness National Diabetes Awareness National Homeless Awareness

How is your program celebrating?

Tickets At Work

Check out this flyer! One of the many benefits of MAEA membership! There is online shopping, and significant savings.
