State

State Subsidy*
5.2 million

Maine College and Career Access
MCCA
1.3 million

*The \$1.5 million added to subsidy will increase state share by approximately 5% in programs.

Local

Local share
12.5 million
Set by taxpayers in each school district

Other
Community Program Revenue
Local Grants
Carry Forward
Local Contracts
Amounts vary by program

According to Maine law, adult education programs must provide at least three major services to receive subsidy. Major services are basic literacy or English language acquisition, high school completion, college transition, adult workforce training and retraining, and/or adult career and technical education.
