

# HOW TO ADD

## Translate Site

# TO YOUR WEBSITE

01

### LOGIN to your webpress dashboard

Once you have logged in, navigate to Pages-> All pages-> Home-> Edit That will pull up your elementor editing functions.

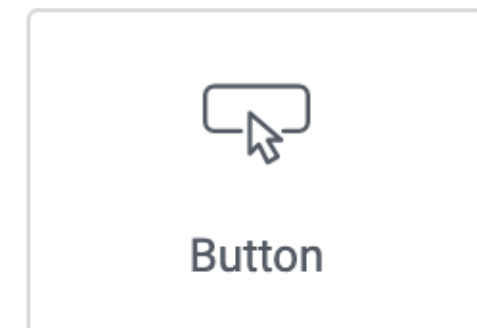

02

### SEARCH widget gallery for 'button'

First you need to create an empty container. To do this just click the + 

Drag the button widget to that new container.

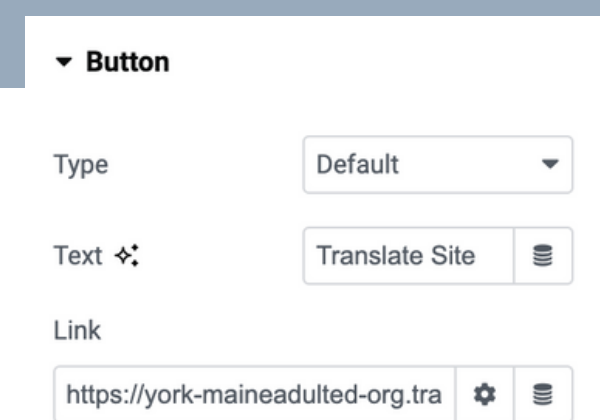

03

### CUSTOMIZE your button

Change the button text to read 'Translate site'.

Change the link to:

[https://york-maineadulted-org.translate.goog/?\\_x\\_tr\\_sl=auto&\\_x\\_tr\\_tl=en&\\_x\\_tr\\_hl=en](https://york-maineadulted-org.translate.goog/?_x_tr_sl=auto&_x_tr_tl=en&_x_tr_hl=en)  
Change the red to YOUR SITE!

04

### ADD Icon

In the edit button section, upload a svg file of a translate icon. Choose location as before or after.

IMPORTANT: Click  UPDATE and you are done!
