A Letter From the Director

Greetings from the Director,

Welcome to our fall brochure! I hope you will take some time to review the wide range of academic and enrichment programs that the Region 9 Adult and Community Education program will be offering in the months to come.

Thanks to the support of the Hope Association and a grant of nearly \$300,000 from the Maine Connectivity Authority, our new satellite office at 82 Congress St. - just across the street from Stanley's Furniture - is now up and running. Please stop by and check it out!

Within just hours of the July Congress St. Chamber of Commerce ribbon-cutting ceremony there, our program formed a new partnership with the Academy of Medical Professions (AMP). Working together, state funding was secured that enabled 14 of our area health professionals to receive advanced career-training opportunities at no cost for tuition or course materials.

Thanks to this new relationship, six students were able to enroll for specialized training that will lead to certification as certified medical assistants, while five more will have the opportunity to certify as phlebotomists and an additional three will complete the necessary training to become dental assistants. We also expect to provide additional offerings through this partnership as the year continues. Be sure to check our Facebook page for ongoing updates and additions to the opportunities already included in this brochure.

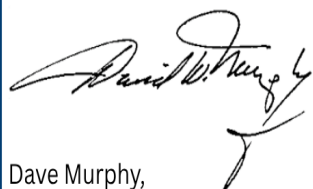

We are continuing our effort to add new community enrichment activities to those that have been offered in the past - and are always looking for new ideas! If you have an interest, hobby or passion that you would like to share with your neighbors, please let us know. We are also looking for ideas for morning or evening classes at our new Congress St. location.

Although these enrichment activities are important for the community, the primary goal of our adult education is to provide academic support for adult learners in our area. For some students, this can mean helping to chart a course for them that will lead to a high school credential, while others may be seeking help in transitioning to college or assistance with building their employability skills.

Over the past three years, the Region 9 Adult Education program has graduated 33 students, a number that rivals many of the larger programs in the state. We are confident that any student who enrolls with us and attends regularly is likely to experience the level of success necessary to earn their high school credential. If you, or anyone you know, has this as a goal, please come and meet with us. It is never too late!

Thank you for your continued support of our program. It is greatly appreciated.

Sincerely,

Dave Murphy,
Director of Region 9 Adult & Community Education

Which Path is Right for You?

High School Diploma/HiSET

We offer two options for obtaining your high school degree: a high school diploma or the HiSET (replacement for the GED). We will help with either option and there is no cost! Attend our Orientation Session to find out more!

Computer Skills Class

Want to learn valuable computer skills such as basic keyboarding, Google Suite, Microsoft Office, and other computer applications? This free class is offered once a week to all Region 9 Adult Education academic students. Enrollment in Region 9 Adult Education is required.

Career Preparation and Advising

A career advisor is available to assist you with career planning, job skills assessments, and job search resources.

College Preparation and Advising

Our College Transitions program is for anyone who wants to go to college but needs a little help getting there. We offer free college preparation classes in Math and English to avoid expensive remedial classes.

Community Enrichment Classes

Life enriching classes for the Community in a variety of areas for lifelong learning.

Business/Trade Skills

Working with businesses to provide low-cost employee training. We also offer computer classes in most areas of the digital world.

Medical & Vocational Professions

Providing job specific training to enable students to be job-ready in 16-20 weeks.
Have a skill to share? We'd love to talk to you about becoming a Vocational Instructor at our Program!

Testing Services

College Placement Accuplacer, CASAS (Comprehensive Adult Student Assessment Systems), HiSET (High School Equivalency Test), and WOWI (World of Work Inventory) testing is available.

How Do I Enroll in Adult Education?

The first step in enrolling in Adult Education is Orientation!

You can register for an Orientation session using any of the following methods:

Online: <https://maineadulted.org/location/region-9-adult-education/>

(Use the "courses" button or the "Click here to register for classes!" button to navigate to our available Orientation sessions)

Call: (207)364-2012 opt 4

Email: adulted@region9school.org

What happens during an Orientation?

We are so glad you asked! We want you to be prepared and informed about what to expect during your Orientation session.

During your Orientation Session you will:

- Meet with our student advisor
- Discuss what you would like to accomplish through Adult Education
- Fill out enrollment paperwork
- Sit for academic placement testing

What you should know before you arrive:

- We are located at 377 River Road, Mexico, ME 04257
- The Adult Education entrance is the one that is facing the road
- You should ring the bell and wait for us to buzz you in. Once we do that, you can come right upstairs.
- The Orientation process can take a few hours, so please plan accordingly

What you should bring to your Orientation Session:

If you are under 18 years old you will need to:

- Bring a signed letter/form of withdrawal from your previous school. This can also be sent to us prior to the Orientation session.
- Bring a parent and/or legal guardian with you for official enrollment purposes

If you have any questions please don't hesitate to reach out to us! We would love to hear from you!
