As summer begins, there's always a renewed sense of energy and possibility throughout our community. The longer days and warmer weather invite us to reconnect, explore new opportunities and continue learning in ways that enrich both our personal and professional lives.

We are excited to share our new catalog and the many offerings it contains for community members of all ages and interests.

We believe learning is a lifelong journey. It doesn't end at graduation and it certainly doesn't belong just in a classroom! Strong communities are built when we share new experiences together.

We are so incredibly grateful to serve such a supportive, engaged neighborhood, and we owe a huge thank you to our amazing instructors, staff, and partners who make these programs possible. Have a safe, happy, and truly inspiring summer!

*Warmly,
Bryan Brito • Director of Adult Education*
